## Context

This consultation was undertaken to ensure the proposed design for Monks Rec correlates with what people want in Lancing. The Monks Rec Improvement Project Working Group was created in 2016 to ensure core users of the park were engaged and involved with the regeneration of the open space.

Information collected from stakeholder meetings and consultations in summer 2017 was used to create the design brief and design strategy. A larger consultation was then undertaken in spring 2018. To ensure residents were informed of the consultations, the council newsletter (delivered to all Lancing households quarterly) included updates of the Improvement Project and consultations. Social media, websites, press releases, posters and e-newsletter were also used. A1 size notice boards were displayed in Lancing Library and Lancing Parish Hall for the duration of the consultation.

Five public consultations were held (details below) to ensure that members of the public had opportunities to view the proposed designs and discuss with members of the working group. An online survey was also utilised to ask the same questions.

- Saturday 17 February - Lancing Village Market
- Saturday 24 February - Lancing Parish Hall
- Saturday 17 March - Lancing Village Market
- Saturday 7 April - Monks Recreation Ground
- Saturday 21 April - Lancing Village Market

Response Rate: Paper surveys	209
Online surveys	73
<b>Total</b>	<b>282</b>

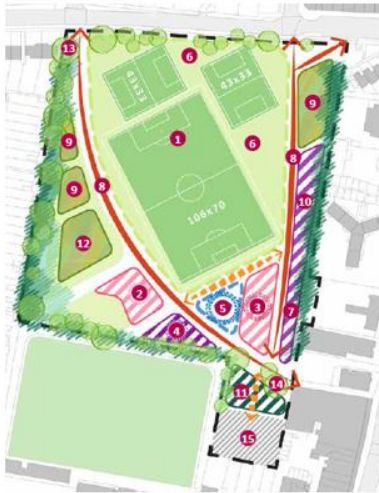

In regard to the surveys, responses were anonymous with no personal details collected beyond age group. Respondents had the option to sign up to the parish council e-newsletter by providing an email address.
